

Ohio Partners in Justice

Coordinating MR/DD Services and the Criminal Justice System

Ohio Partners in Justice (PIJ) is a coalition of professionals from the criminal justice system and the mental retardation /developmental disabilities (MR/DD) system, as well as mental health professionals and other advocates for persons with developmental disabilities.

Our mission is to expand and improve community resources for individuals with developmental disabilities when they become involved in the criminal justice system. The goal of the Ohio PIJ is to fulfill its mission by providing cross training of law enforcement, criminal justice, and MR/DD personnel.

These regional trainings will further our mission by increasing the capacity of these four regions to serve offenders with MR/DD.
